Thanks Johnny 4A

B.J. - I'll order one for next year.

Kudos to...

Cub Scout Activities

Our pack 135 has just gone on a museum sleepover at the Museum of Natural History and Science. We went on a tour and watched a movie. Our den slept next to dinosaurs and pterodactyls. We saw the new start up exhibit. We saw a short movie there and learned about computers.

We saw computers and microchips. We went in volcanoes and a cave. Then we saw extinction of the dinosaurs. They slept in the sea exhibit. Our pack left at 7:00 a.m. in the morning. Ross Sitges 3B
